BT SCIENCE SDN. BHD.

BT SCIENCE SDN BHD provides high quality laboratory products to science community includes universities, research institutes, private enterprise & factory and hospitals.

As part of growth plan for the next decade of 21st century, BT Science has a goal to being the most trusted source of laboratory products and supplies and help our customer achieve accurate and consistent results in their research. Our vision is to make an impact in the industries we serve.

ANALYTICAL CHEMISTRY

Solid Phase Extraction (SPE)
Solid Phase Microextraction (SPME)
Gas Chromatography (GC)
HPLC/UPLC
Thin layer - Chromatography
Reference Standart
Vials & Syringes

ANIMAL ANALYSIS

Cage for Animal Research
Animal Surgical Equipment
Work Stations
Washing Solution

NANOMATERIAL

Nanomaterial Dispersion
Nanopowder
Micron Powder
Nanotubes
Graphene Products
Wafer

ELECTROCHEMISTRY

Potentiostats
Electrochemical Cells
Electrochemical Rotator
Electrodes & Accessories

CONSUMABLE & PLASTICWARE

Serological Pipette
Petri Dishes
Tubes
Cuvettes

FUEL CELL

Catalyst Powder
Pt & PtRu Electrode
Carbon Cloth & Carb.Paper
MEA
Nafion Membrane
Nafion Dispersion
Graphite Plate
Teflon & Silicon Gasket

SURGICAL & SAFETY

Swab
Gauze & Sponge
Bandage
Cotton wool
Face Mask
Glove
Gown
Scalpel Blades & Handles
Blood Tube
Disinfectants
Wipers & Paper Towels
Safety goggles
Safety helmet
Hazardous Spill and Storage

LIFE SCIENCE & BIOTECHNOLOGY RESEARCH

Antibiotics
Competent Cells
Antibodies/ELISA KITS
DNA & RNA Extraction
PCR Enzymes & Master Mixes
Cell Culture Media & Reagents
Nucleic Acid Gel Electrophoresis
Restriction Enzym Digestion & Ligation
Viral RNA/DNA Purification
Reverse Transcription

SEPARATION & FILTRATION

Filter Papers
Extraction Thimbles
Membrane Filters
Glass Microfiber Filters
Syringe Filters
